Website Maintenance Policy

The Clerk, Project Officer and one volunteer approved by the Council are currently trained to maintain the website. To minimise costs to the Council, the website will normally be maintained by the volunteer (at no cost to the Council). If the volunteer is not available to update the web site this would then fall to the Clerk, and in his absence the Project Officer whilst the latter remains on the payroll of the Council.

This arrangement will be kept under review by the Council and could be changed following a resolution by the Council should this become necessary.
