

## **Heritage Garden Proposal**

There is still a small underspend on DCC grant funding received in 2015 of £59.

In addition, VAT is yet to be reclaimed regarding 2015-16 expenditure on the Heritage Garden. This is estimated to be £207. This must be spent on the HG otherwise grant will be at risk from clawback from DCC.

**Total funding available is therefore £266.**

It is therefore proposed to improve the area immediately in front of the fencing at the front of the garden with gravel and paving stones (under the entrance gate) to allow easier wheel chair access.

Mr Baker has provided the following quotation:

Dig Out the area to reduced level and remove waste material  
Supply and apply sand and cement  
Supply and apply paving stones  
Supply and apply 1 tonne gravel (matched to that in adjacent area)  
Clean and tidy on completion

Cost of Materials £90  
Cost of Labour £120  
**Total Cost £210**

**Parish Council is asked to approve acceptance of this quotation**

**Cllr Wallage  
October 2017**
