

# WEST RAINTON CRIME STATISTICS

I have changed the format to be able to show data for the current and previous year. If councillors would like any changes, please let me know.  
Iain Clifford.

The following response has been received from PCSO Stephen Waddingham:

The majority of jobs in January were relating to road bikes (namely a large red quad bike) in the areas shown on the map. We received 10 calls about bikes, some of these have been put down as criminal damage to farmers field. I can't find any jobs relating to violence, only a few shoplifting jobs. Anti-social behaviour has gone up. I've had a few complaints of youths throwing stones and snowballs at windows on The Crescent. A fence has been damaged near Finchale View. I'm working with Keepmoat to see if we can block off the cut through Finchale View onto the railway tracks as this is where the youths are gathering. I have been out this weekend and have spoken to and warned some of the youths named by residents. I will speak to the others when I'm back at work on Tuesday 20<sup>th</sup> March.
