

West Rainton Parish Council

Report of Parish Clerk

Agenda Item: 8 E

Additional Funding Request

As reported at the September Meeting of Parish Council a bid for £5000 was made from Section 106 funding which was available. The bid was successful and the bid application sought the money for two projects:

- The demolition of the brick building within the Cemetery
- The purchase of a notice board to the front of the Cemetery

The initial costings were £3995.00 for the demolition work and £1092.82 for the noticeboard. Total £5087.82 exc. VAT

As the bid was for £5000 some additional expenditure is required from the Parish Council as detailed below:

- The demolition costs have increased by £239.00 due to asbestos being present within the brick building.
- The notice board was initially to be wall mounted but due to the height of the wall it is felt that the notice board should be free standing, so an additional cost of £204.35 is required to purchase the appropriate posts so that the notice board can be free standing.

These additional costs total £443.35 exc. VAT.

Recommendation

Parish Council is asked to approve the expenditure of £443.35 exc. VAT (£532.02 inc. VAT)

Mark Ramshaw
