

Who are friends?

Friends of the Jubilee Hall are people who have a personal connection to the use of the hall and to the community of West

Rainton and Leamside. They want to help the hall to improve its facilities and services and keep the doors open to ensure the facilities are accessible for everyone for many years to come.

Why do we need friends?

The Jubilee Hall is managed and maintained by a group of local volunteers who are committee members of West Rainton and Leamside Community Association, a registered charity. The hall is run by the community for the community and has to raise funding through hiring the space, events and other fundraising avenues to keep the building open and running for everyone to access. We need the local community's support to be able to raise funds on an annual basis to keep up the on going maintenance and gradual improvements of the hall.

What do I get?

If you use the hall currently or wish to use the hall in the future you help towards ensuring a community asset remains open and is available for everyone to use.

You will also receive a 10% discount on hall hire bookings eg children's parties.
